In most cases the pieces are too long to be adequately handled in one class hour. A live topic may well be discussed for several hours, until its various sides have been examined and students are awakened to the many questions at issue. The editors have aimed, also, to supply selections so rich and vital in content that instructors themselves will feel challenged to add to the class discussion from their own knowledge and experience, and so turn a stream of fresh ideas upon stock notions. Thus English composition, which in many courses in our larger institutions is now almost the only non-special study, can be made a direct means of liberalization in the meaning and art of life, as well as an instrument for correct and effective writing. The present volume therefore differs from others in the same field. Many recent collections contain pieces too short and unrelated to satisfy the ideals suggested above - ideals which, the editors feel sure, are held by an increasing number of teachers. And older and newer collections alike have been constructed primarily with the purpose of illustrating the conventional categories, - description, narration, exposition. Teachers of composition everywhere are becoming distrustful of an arrangement which is frankly at variance with the actual practice of writing, and are of the opinion that it is better to set the student to the...
