

Telepresence: A modern way for collaborative work

By Rosi Maria Heller

Diplomica Verlag Nov 2010, 2010. Taschenbuch. Book Condition: Neu. 270x190x15 mm. Neuware - Raising global competition, increasing customer demand, requests to deliver just-in-time, and an increasing pressure to cut costs are only a few examples to express the need for more flexibility, speed and agility of organizations. Companies in different industry segments can achieve this requirement by flexible organizational structures, a knowledgeable and motivated workforce, and the application of technology and communication media. In this context the composition of teams plays an important role because it has proven to be a fast and comprehensive way to solve problems, to fulfil customer demand, and to develop new products and processes. Over the past decade the construct of teams has further developed into so called virtual teams. Virtual teams are teams which include team members who work together remotely from various locations around the globe. The modality of working in virtual teams becomes more popular as the world's population becomes more connected. Research proposes that virtual teams are as effective as traditional teams. Virtual teams offer the opportunity to meet the challenges of cost effectiveness, product quality, and speed in an international setting that is driven by customer orientation and a...
